ON THE OTHER SIDE ARE US... AND RUBEN GALLEGGO.

Ruben Gallego's committed to fixing a **CORRUPT SYSTEM** for funding campaigns. Making sure politicians are responsive to us, **NOT THE BILLIONAIRES.**

HERE'S HIS PLAN:

Ruben supports the Government by the People Act.

He favors establishing a system of elections in which candidates who choose to accept only small donations (below a level around \$150) receive matching funds, allowing candidates to spend more time talking to voters and less time calling wealthy out-of-state donors.

And that means our elected officials will be responsive to us - not the billionaires.

Ruben Gallego served our nation in combat as a Marine in Iraq. He's served Arizona as a State Representative.

And now he's serving as a leader to change a corrupt campaign funding system and help us take our democracy back.

THE BILLIONAIRES & CORPORATIONS ARE SPENDING A FORTUNE TO BUY AN ELECTION.
DON'T PLAY THEIR GAME. CHANGE IT.

VOTE. ON AUGUST 26TH. RUBEN GALLEGGO. DEMOCRAT FOR CONGRESS.
